PROCESS WEIGHING DIAGNOSTICS

Did you know a scale can diagnose itself **faster** and more **reliably** than any scale technician can?

~~SCALE TECHNICIAN~~

If you've thought that contracting a scale technician is the only way to diagnose a scale, you've been misinformed.

Our customers have installed over **110,000 Hardy** self-diagnosing **weight processors or controllers** with our integrated technician (IT) and web server technology on their silo, tank, platform, and bench scales.

Our customers diagnose their scales up to **5X FASTER**

Our customers have made the task **2X SAFER** for their employees

Our customers have made the task **3X EASIER** and the diagnostic results are **2X MORE RELIABLE**

Our customers have reduced the time their scales are unavailable for production by **60%**

Click or call to ask us how to increase your Operational Equipment Efficiency (OEE), safety, and reliability today.
